Telecom Solutions for Your Business

Total Telecom Solutions is a telecom broker representing major telecom providers and CLECs throughout the United States. As a broker we represent many companies and choices, and are carrier neutral.

Our industry relationships and experience allow us to provide the services, outstanding support and customer service required to keep your telecom systems working smoothly.

The management of Total Telecom Solutions has over 45 years experience in the telecom industry and is totally committed to providing the best solutions and lowest possible prices to our clients.

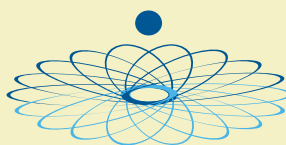

Why Use a Telecom Broker?

Unlike direct carrier representatives, who only sell their own products, we are free to offer the products and services of numerous companies. As a broker, we can objectively recommend telecommunication services that best meet your needs and at the best prices available. Our product line is extensive and includes local and long distance services, high speed Internet access, Hosted PBX (VOIP), point-to-point circuits, inside wiring and cable, cellular service, and managed services.
